All Prices Prepaid in United States and Canada

THE REASON WHY

Perhaps our customers may be a little disappointed at the form of our catalog this year, it having slipped into the price list classification. We were faced with the condition this spring of having a large number of varieties with only small stocks of most of them. To get out a big catalog costs money and our stocks were hardly large enough to cover this expense. Therefore, the more condensed list. We are already planning for next season and believe we can promise you something of more value.

The main part of our resolve is a return to first principles. Up to about the start of the depression we practically confined our efforts to growing only new high-priced Glads. When hard times hit the country, of necessity this policy was altered and we carried more of the popular-priced kinds, or rather kept on growing varieties that previously we would have discarded because of low price. Now we are going back to our old purpose.

To do this we are going to have to clean house this spring and we have tried to make the prices in this list attractive enough to move most of this stock. In case most of it is not sold by the end of March, we are going to get out a special list of close-out lots. But we expect a large number of varieties to be entirely gone ere then. In fact quite a few have been cleaned out already.

To further accomplish this clean-up job, we are offering the following: Send us any amount over \$2, and after the first of April we will send you 100 large, or 175 medium, or 250 small bulbs for each \$2 sent. Bulbs will not be labeled but will be from varieties in this list. Will supply names for 25% extra. This offer is f. o. b. Lewiston, and selection of varieties must be left entirely to us. You can state size wanted. We will guarantee good value and are doing this simply so we can confine our efforts to new varieties exclusively.

BULBLETS

We can supply bulblets in quantity of quite a number of the commercial varieties listed herein and ask you to send us a list of your bulblet wants and we will make you best possible price. While we don't guarantee bulblet germination, we recommend this as the cheapest way to build up stock—especially for you Eastern and Midwestern people who have been hit so hard by drought.

TERMS

Cash or 25% down; balance before delivery or C. O. D. Five bulbs or bulblets may be purchased at the ten rate and 25 at the hundred rate. One bulb or bulblet at one-eighth the price of ten if not otherwise quoted and item does not total less than 10c. Prices prepaid in the United States on orders over \$1.00. Orders prepaid elsewhere if amounting to \$5.00 or more except for large bulbs quoted at \$5.00 per 100 or less on which 50c per 100 bulbs should be added for postage. Orders less than \$1.00 not accepted. Shipments along the Coast can usually be made anytime during the winter. Eastern orders are preferably held until March or if the order totals \$10.00 or more shipment can be safely made by express. Shipments to Australia and New Zealand can be made from December until May or June. Fall orders can usually be filled about December 15th.

DISCOUNTS

10% discount on orders over \$5.00 which are accompanied with cash. 15% on orders over \$20.00. Remittances should be made by money orders if possible. On small amounts currency or stamps may be sent, the latter preferably in denominations of one, two, three, or five cents.

GLADIOLUS SOCIETIES

All Glad fans should be a member of one or more of the Gladiolus Societies and receive their publications which give much information on Glads that is not available elsewhere. The following are suggested as being worth while: The American Gladiolus Society, Roscoe Huff, Secretary, Goshen, Indiana. Dues \$2.00 annually. Publishes the Gladiolus Review, a monthly magazine. The New England Gladiolus Society, C. W. Brown, Secretary, Ashland, Mass. Dues \$1.00 annually. Publishes a large yearbook worth several times the cost of membership to any Glad fan. The British Gladiolus Society, A. E. B. Amos, Hon. Secretary, Bergholt Road, Colchester, England. Dues \$1.30 per year. Publishes a well illustrated annual with a large amount of information. Dues may be sent direct to any of the above secretaries and thus save some time in receiving their publications. It will be appreciated if you mention our name in sending in the dues.

NEW INTRODUCTION

We offer for the first time White Winner, a seedling of ours that we have grown for the past six years. It has been selected as the very best of a number of selected white seedlings. It has the good points demanded of a new introduction: Clear white color, lilac pencil in throat; good size (about 5 inch); perfect placement; eight out with an equal number to come; never crooks; slightly ruffled; extra good substance; in fact an almost perfect commercial flower.

EXPLANATION OF ABBREVIATIONS

It may be that the tabular headings and abbreviations in columns need some explanation. "Sub.," meaning substance, has been determined from thickness of petals, ability to stand heat and wind in field and behavior after cutting. Substance is classified by using initials of Fair, Good and Excellent. Under type, most varieties come under the abbreviations for Grandiflorus, Primulinus or Primulinus Grandiflorus. Several bear "L" for laciniated, while a few are marked "M" for Miniature or "Dec" for Decorative. Ruffled varieties are marked "R." The blooming season listings are designated as Early, Early Midseason, Midseason, Late Midseason and Late, the initials of these being used as abbreviations. The diameter of a representative floret is expressed in inches, while the height is shown as Short, Medium, or tall. We believe "No. Out" is self explanatory.

To conserve space the following abbreviations are used for names of introducers or originators: A, Austin; Alk, Alkemade; B, Barth; Bet, Betscher; Br, Brown; Carp, Carpenter; C, Coleman; Cr, Crow; D, Diener; Dec, Decorah; Dg, Miss Douglas; El, Ellis; Er, Errey; F, Fischer; Gil, Gilrey; Hr, Hornberger; Kel, Kelway; K, Kunderd; Kin, Mrs. Kinyon; Lem, Lemoine; M, Mair; Mil, Miller; NZ, New Zealand; Pal, Palmer; Pf, Pfitzer; Pp, Piper; Pr, Prestgard; Sal, Salbach; St, Stevens, Sy, Symons; V, Vaughan; Vel, Velthuys; Vil, Vilmorin.
